## EDUCATION

**University of North Carolina at Asheville**                    **Asheville, North Carolina**
*B.S in Computer Science*                                          *August 2018 - Present*

## WORK & LEADERSHIP EXPERIENCE

**UNCA E-Sports Club**                                          **Asheville, North Carolina**
*Co-Founder*                                                      *January 2019 – Present*
- Working with friends to develop an E-Sports organization for our school.
- Currently in development but plan to have multiple teams to represent UNCA.
- Organized meetings and set up the technical side of the club. (ex. VOIP, club page, etc.)

**L&L Music and Wind**                                          **Gaithersburg, Maryland**
*Repair Technician*                                              *Summer 2016, Summer 2017*
- Took a leadership role by running my own workstation and working with a small team to get as many products out as possible.
- Helped repair hundreds of brass instruments for the surrounding Public School's bands.
- Worked quickly with a heavy load of instruments in order to repair a large number of them for the upcoming school year.

**FaceIT Ltd.**                                                           **Remote**
*Customer Support & IT*                                          *Sept 2015 – April 2016*
- Helped customers with technical problems, reset servers, and answered support tickets for thousands of players in the North American region.
- Provided unique perspective to the development team to implement into the website & client.

## AWARDS

**Best Use of Google Cloud Platform**                              **Athens, Georgia**
*UGAHacks, Major League Hacking*                                      *February 2019*
- Worked with a team to develop an iOS app called *PayWithFriends* that scans, parses, and lists out the items on a restaurant receipt for easy payment between a large group of friends.

**1st in PwC Cybersecurity Capture the Flag**                      **Athens, Georgia**
*UGAHacks, PricewaterhouseCoopers*                                   *February 2019*
